

# THE INTERNATIONAL INSTITUTE FOR RESTORATIVE REPRODUCTIVE MEDICINE

## Restorative Reproductive Medicine Update - Practical Applications

Wednesday 11<sup>th</sup> July 2012

Comfort Inn Downtown

Salt Lake City, Utah, USA

**The Mission of the International IRRM is to advance excellence in Restorative Reproductive Medicine by supporting practice and research through mentorship, education and collaboration.**

Restorative Reproductive Medicine encompasses medical approaches which aim to identify and address underlying reproductive disorders and correct or optimize function. Health care providers who practice Restorative Reproductive Medicine employ a variety of approaches but use only methods that are not inherently destructive, circumventive or suppressive and they adhere strictly to these philosophical principles.

### **A growing network of professionals**

The International IRRM is the leading voice in uniting providers who share a common belief that patients deserve evidence-based reproductive health care services that cooperate with and restore reproductive function. With the successful roll out of our international conferences and webinar agenda we now can actively reach and support providers throughout the world. With our educational series and active support of research in the field we are able to provide our members with unparalleled opportunities to be part of transforming reproductive medicine.

***Join us* and share your experience while learning about the latest advances in the field of Restorative Reproductive Medicine. Take an active role in shaping a future in which Restorative Reproductive Medicine, backed by published evidence and years of experience, becomes the standard of care.**

## Registration

Conference registration can be completed online at [www.reproductiveinstitute.com](http://www.reproductiveinstitute.com) or by faxing the enclosed registration form. This conference consists of two events and you can register for both or only one. Physicians, researchers, other allied health professionals (and those preparing to be), or members of the public with a keen interest, will especially benefit from the daytime conference, and registration includes continental breakfast, coffee breaks and lunch. Registrants and members of the community are invited to enjoy the **IIRRM Opening Fundraising Dinner** held on the evening of July 10 at 6:00pm. The cost is \$100.00 for a three course meal. Sponsored tables (seating for eight) can be purchased for \$750.00. For those unable to travel to Salt Lake City, the conference will be aired as a live webinar. Registered participants of the conference, either onsite or via live webinar, will be authorized to access these recorded presentations post conference.

## Accommodations

The convenient located Comfort Inn Downtown, Salt Lake City, is the venue for this meeting. A discounted room rate is available for attendees of the IIRRM 2012 Annual General Meeting. ## Travel

The Salt Lake City International Airport (SLC) is just a convenient shuttle ride away from the city. A free shuttle service is available from the airport to Comfort Inn Downtown. Arrangements can be made at the direct-line hotel phone banks at the far end of baggage claim areas in both terminals. With flights from most major airlines SLC is easy to access internationally and from most destination points in North America. Car rentals are also available at the airport from most major rental companies (see [www.slcairport.com](http://www.slcairport.com)). Let us know your flight arrangements and we may be able to find someone to carpool with you!

## IIRRM Opening Fundraising Dinner

On the Evening of July 10<sup>th</sup>, conference attendees and interested members of the public are invited to an intimate three course banquet dinner and presentation. Video presentations highlighting the work of Dr. Phil Boyle (Galway, Ireland), Dr. Joseph Stanford (Utah, USA) and Dr. Luke McLindon (Brisbane, Australia) will be interspersed with moving stories of how patients' lives are being transformed today by Restorative Reproductive Medicine and how these stories are in turn transforming the culture of reproductive medicine and the world around us. Funds raised through the Banquet Dinner will support our Research Program and the researchers who are striving to ensure that these leading-edge studies are completed and published. Hear how this work is truly transforming reproductive medicine and the lives of many who struggle with reproductive health issues like infertility, miscarriage and premature birth. Come and enjoy the ambiance, great company, and fine dining while taking advantage of the opportunity to speak with world leaders in this evolving and transformational field.
